SKILLS

- Python
- OOPs
- Numpy
- Pandas
- Matplotlib
- Web Scraping
- Team Work
- Problem Solving

EXPERIENCE

- FYP - Advanced AI Jarvis
- EDA on Pak E-Commerce
- EDA on Apple Apps
- EDA on Google Apps
- Bank Management System

LANGUAGE

- English
- Urdu

HOBBIES

- Book Reading
- Planting

ABOUT ME

I'm Haroon Sajid, a recent graduate in Artificial Intelligence with a strong foundation in Python programming, data analysis, and data cleaning. I am eager to expand my knowledge in Machine Learning and Data Science while committed to continuous learning and professional growth. As a beginner, I bring a fresh perspective and a strong desire to collaborate with industry professionals on innovative projects that drive impactful results.

EDUCATION

The Islamia University of Bahawalpur

Bachelor's in Artificial Intelligence (CGPA 3.15/4.0)
2020 - 2024

Courses: Python Programming, OOP, Data Mining, Machine Learning, Deep Learning, Artificial Intelligence, Statistical Learning, Natural Language Processing, Information Security

Punjab Group of College

FSc Pre Engineering
2018 - 2020

Govt High School

High School
2016 - 2018

COURSES

Data Science Mentorship Program

From CampusX Learning...

Python for Data Science

From Coursera Completed
